- There will also be a penalty category of -1 to -3 points for the following rule infractions: Disruptive behavior, Not shown in prescribed manner, Excessive oil, grease, or other substance, Balding.
- In addition, a 10-point penalty must be assessed for an unnatural tail carriage. See AR105.2b
- Each judge(s) scores may be announced immediately following the presentation of the horse when the competition is utilizing the In-ring Procedure.
- The scores must be announced when the competition is utilizing the Exit-the-ring

Performance Halter effective 12/1/24

Procedure or the Combined Ring Procedure.

- Scores must be posted within an hour of the end of the session in which the final section of the class was held.
- The horses shall be ranked based on a total numerical score.

TIES

- Ties for Arabian Mares, Fillies, Colts, Stallions
 1. Athletic Structure
 2. Breed Type
 3. Quality/Balance
 4. Conformation
 5. Call Judge
- Ties for Arabian Geldings and Half-Arabians/Anglo-Arabians
 1. Athletic Structure
 2. Quality/Balance
 3. Conformation
 4. Call Judge
- In a multiple judge system the same tiebreakers will be used. If a tie still remains, the call judge's card shall break the tie.

RESPONSIBILITIES OF MANAGEMENT

- Provide a separate score sheet for each horse entered in each Performance Halter class.
- Provide a 'runner' to transport the score sheet from the judge to the ring clerk or scorer. This should be done after each horse.
- Provide a ring clerk or scorer to tabulate the score sheet and to maintain the Master Score
- Designate a location on the competition grounds where the Master Score Sheet will be posted.
- Competition management utilizing the Arabian Scoring System shall have the

option of choosing either the In-the Ring procedure or Exit-the Ring procedure.

- Determine in advance which ring procedure will be utilized – this information should be published in the prize list. The EEC recommends the use of the In-ring Procedure for the majority of competitions.
- How to decide whether to use the In-the-ring Procedure, the Exit-the-ring Procedure.
 - Safety of the horses, handlers, and spectators is the primary factor in the decision on whether the In-ring Procedure, Exit-the-ring Procedure is most appropriate for a specific competition.
- If Exit-the-ring procedure is chosen, competition needs to mark an area of 40-75 feet where the handler walks the horse after trotting into the ring.

USE OF THE SCORE SHEET

- Use a clip board with a letter size page of paper behind the smaller score sheet. This page is handy for recording notes during a class, such as the list of all horse numbers as they enter the ring.
- Refer to AR104 for breed standards
- Refer to Conformation section of AHA Judges Notebook for major/minor faults
- As each horse enters the ring, the judge writes down the exhibitor number on the score sheet.
- The judge will circle a score for each category, indicate any penalties, and sign the form. If a judge needs to change

a score PRIOR to turning in the score sheet, the change must be clearly indicated and initialed.

- No change to a score can be made after the score sheet is turned in.
- Runner takes score sheet to person assigned to scoring – possibly the ring clerk.
- After verifying that a score has been circled for each category and that the score sheet was signed by the judge, the scores are added and scores of all categories for each horse and each judge are transferred to a Master Score Sheet. (This transfer can be electronic through a computer program or by hand.)
- The scores may be announced at this time if the competition is using the In-the-ring Procedure; they must be announced if the competition is utilizing the Exit-the-ring Procedure.
- The Master Score Sheet (below) and all individual score sheets are kept together by the scorer and returned to the show office; these are the official judges' cards for Performance Halter classes. The individual score sheets are retained for three (3) years by the competition as part of the official records.
 - The Master Score Sheets are to be posted within an hour of the end of the session in which the final section of the class was held. They are also retained for three (3) years and are kept with the individual score sheets for that class.

SCORING CATEGORIES

- The categories on the score sheet are listed in an order commonly utilized by judges as they evaluate each horse.
- Athletic Structure
 - The first impression of Athletic Structure is when a horse enters a ring, but the score could justifiably be the last score recorded.
 - Characteristics include, but are not limited to a short back, sloping shoulder, deeper hips.
 - Can differ slightly but needs to be suitable to the performance discipline the horse is competing in.
- Breed Type
 - Overall breed type is emphasized rather than specific parts of the horse.
 - Purebred classes only
- Quality, Balance, Substance
 - There are two opportunities for the judge to observe Quality, Balance and Substance – first when the horse walks on a loose lead and secondly when it walks up to the judge for individual evaluation.
 - Consider QB&S in the same was as in a breeding/in-hand class
- Neck and Shoulder
 - Conformation as in breeding/in-hand classes
- Back, Loin and Hip
 - Balanced
 - Considered as in breeding/in-hand classes
- Legs and Feet
 - Symmetrical, well-formed feet
 - Entries may use hoof “polish” that is not clear.
 - Short cannon bones, low set hocks
 - Proper leg placement out of shoulder

- Movement
 - Straight, true walk and trot/jog
 - Balanced back to front
 - Quality of gait should be considered over extremes.
- The categories with an asterisk (*) (*Neck and Shoulder, Back, Loin and Hip, and Legs and Feet*) in front of the title comprise the ‘Conformation Category.’ When a total score for Conformation is needed to break a tie, then these individually scored categories are added together.
- Major faults in any of the four categories that comprise the ‘Conformation Category’ cannot be scored any higher than a score of 15 for that category. Major faults in any of the other categories are to be penalized.

PENALTIES

- **A horse will be eliminated and excused, if it:**
 - is crouching, cowering, buckling at the knees, sweating, trembling, racing backwards or sideways to escape their handlers or other behavior indicating fear, stress or intimidation.
 - exhibits any welt or swelling that look like a whip mark, regardless of how this was caused;
 - is obviously limping or of impaired gait.
 - horse (AR109.3) has fallen;
 - (AR105.6) for inhumane treatment and undue stress.
 - **Exhibits disruptive behavior such that it or other horses are unable to be inspected by the judge**
 - **Exhibits behavior such that the safety of it, the handler, an exhibitor, a judge, or another horse is in danger.**

- Is not under the control of the exhibitor.
- Breaks loose from the exhibitor
- A horse is shanked (except in circumstances required to gain control.) *Shanking, as defined by USEF, is only permitted "where a horse has become dangerously unruly and immediate shanking is required in order to gain control of the horse and prevent imminent harm to the horse or others."*
- Removal of eyelashes
- Changing the natural color of the main and tail.
- A judge must order from the ring any unruly horse or one whose actions threaten to endanger the handler, other exhibitors or their entries.
- A judge must order from the ring any handler who exhibits inappropriate or dangerous behavior or whose actions would in any way threaten the safety of any exhibitor, their entries or the safety of class officials.

- **Must be penalized:**
 - A horse with a cut or abrasion showing clear evidence of fresh blood in the mouth, nose, chin, shoulder, barrel, flank or hip area must be considered to be ineligible to receive an award in that respective class.
 - **A ten-point penalty must be assessed if the horse is deemed to be presented with a hard stance.**
 - **On the Muscle/Hard Stand Up is defined as a shift of balance, withdrawing, or an increase in intensity due to any actions or cues from the handler.**

- Ten Point Penalty must be assessed for an unnatural appearance, see AR105.2b.
- **Excessive amounts of oil, grease, or other similar substances, in accordance with the Performance Halter Score Card.**

PENALTIES – SCORE SHEET

Each of the following penalties have a specific recording area on the score sheet.

- Disruptive behavior
- Not shown in prescribed manner
- Excessive oil, grease, other substance
- Balding

Total penalty points shall not exceed 3 points, without half-points. (More than one penalty box can be checked, but only one penalty score is assigned and that score cannot exceed -3points.). The unnatural appearance (unnatural tail on card) has a separate line, as does Mandatory Elimination.
